RESUME

Undergraduate student in Robotic Engineering with a robust track record of two years' active involvement in the RoboFEI Humanoid project. Understanding complex requirements and providing creative, practical solutions. I am constantly seeking opportunities to apply my knowledge and passion for technology to challenging and impactful projects.

ACADEMIC BACKGROUND

Centro Universitário FEI

Bachelor's degree, Robot Engineering

2020 - 2025

SKILLS

- Programming Languages: C/C++, Python, Java, JavaScript
- Web Development: HTML/CSS
- Frameworks: ROS2
- Microcontrollers: Advanced proficiency
- Version Control: Familiarity with Git

LANGUAGES

- Portuguese (Native)
- English (Full Professional)

EXTRACURRICULAR EXPERIENCE

FAE Internship at STMicroeletronics
2024 - Present

Scientific Researcher
2023-2024

Leader of the RoboFEI Humanoid Software Team
2023-2024

Member of the RoboFEI Humanoid Software Team
2022-2023

Teaching Assistant for the General Electronics subject
2022
